Fresh off Gary Taxali's last show in NYC @ the [Jonathan LeVine Gallery](#), Gary has some new product for fans, both old and new. First up a stunning giclée print, entitled "Love Songs". the images on the print are basic, but the styling set against the earthy colored "canvas" give it a real old-time graphic feel. And due to popular demand, Gary has also turned his famed "Don't Call Me" character into a t-shirt. Both items are available now, [here](#) and [here](#).
